### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: in claim 33, lines 4-13, comparing planarization characteristics of the underlying layers to standard planarization characteristics, fabricating target structures in underlying structures and target layer, measuring a reflected metrology signal off a target structure fabricated above a calibration test area of the target layer, the calibration test area having an unpatterned underlying structure, selecting an underlying structure from the plurality of underlying structures that is closest to the calibration metrology signal off the target structure above a patterned area that is closest to the calibration metrology signal, the selected underlying structure having planarized layers that meet the present standard planarization characteristics, cannot be found in the prior art of record. The prior art of record fails to teach, in combination, the process features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William M. Brewster whose telephone number is 571-272-1854. The examiner can normally be reached on Full Time.
